Re: *Ex Parte* Notification, ET Docket No. 16-415

Dear Ms. Dortch,

On April 11, 2017, Amtrak representatives Vincent Brotski, Lou Lazzaro, Soren Bakken, and Jim Baker (via telephone), together with Adam Krinsky and Mark Settle of Wilkinson Barker Knauer, LLP, met with OET Chief Julie Knapp and OET representatives Geri Matisse, Jamison Prime, and Karen Rackley.

Amtrak explained that grant of its waiver request to use the U-NII-1 and U-NII-3 bands pursuant to the rules for fixed point-to-point operations will dramatically improve Wi-Fi service for millions of Amtrak passengers along the Northeast Corridor. It reviewed the record and noted that Globalstar, the sole FCC licensee that could be affected by Amtrak's proposal, does not object to the waiver provided that any grant is subject to the conditions Amtrak proposed in its request. Other comments should not delay FCC action. Amtrak used the attached presentation during the meeting, and urged the Commission to grant the requested relief promptly.

Please direct any questions to the undersigned.

Sincerely,

/s/ Adam D. Krinsky
